

CHAPTER I

INTRODUCTION

A. Background of the Problem

A characteristic of human is the willing to know God. Human was created in such way that they obey to God automatically. When they face crisis and difficulties, they will tend to religion. A tendency to search and invoke to God is an instinct that implanted in human. Some scholars wrote, that all human even the paganist and the materialist, they have a tendency to spiritual. In their hearts, they admit that theirselves depend on the hidden power and obey to it. The heart of human will not feel peaceful without God, although in determine the God, sometimes they fall in error.¹

Aqidah is “theoretical term” that must first be believed in. *Aqidah* is command from Rasulullah SAW in his da’wah and others prophets who come from God of The Almighty.² For a moslem, *aqidah* becomes the foundation and the best principle in each side of life. It is a benchmarks for the truth in privacy of human. Usually, a moslem will notice cleanliness and the truth of *aqidah*. He always cleans *aqidah* from all *syirik* and *bid’ah*, that will reduce the purity, even destructive it.³

¹ Ibrahim Amini, *Agar Tak Salah Mendidik* (Jakarta: Al-Huda, 2006), page. 21.

³Ummu Syafa Suryani Arfah dan Abu Fatiah Al-Adnani, *Panduan Wanita Shalihah* (Jakarta: Eska Media, 2005), page. 43.

Every moslem must effort to keep *aqidah* in every place and times, but just one *aqidah* that given *ridha* by Allah. *Salimah aqidah* for every moslem is *aqidah* that based on from Al-Qur'an and As-Sunnah. It is *aqidah* which safe from *bid'ah* and *khurafat*, *syirik* and *kufur*. It is also had by prophets and messengers who revealed for human. With it, every human will safe in through the adventure to hereafter. With the *aqidah*, a moslem always walks above it, start and finish this life, adjust with the behavior and *akhlaq*, and also fight and sacrifice.⁴

As Allah said in Q. S Al-A'raf: 172:

وَإِذْ أَخَذَ رَبُّكَ مِنْ بَنِي آدَمَ مِنْ ظُهُورِهِمْ ذُرِّيَّتَهُمْ وَأَشْهَدَهُمْ عَلَىٰ أَنفُسِهِمْ أَلَسْتُ بِرَبِّكُمْ
قَالُوا بَلَىٰ شَهِدْنَا أَن نَقُولُوا لِيَوْمَ الْقِيَامَةِ إِنَّا كُنَّا عَنْ هَذَا غَافِلِينَ.

"Dan (ingatlah), ketika Tuhanmu mengeluarkan keturunan anak-anak Adam dari sulbi mereka dan Allah mengambil kesaksian terhadap jiwa mereka (seraya berfirman): "Bukankah Aku ini Tuhanmu?" Mereka menjawab: "Betul (Engkau Tuhan kami), kami menjadi saksi". (Kami lakukan yang demikian itu) agar di hari kiamat kamu tidak mengatakan: "Sesungguhnya kami (bani Adam) adalah orang-orang yang lengah terhadap ini (keesaan Tuhan)" (Q. S Al-A'raf: 172)⁵

Therefore, every moslem must effort hardly to get real the understanding about *aqidah salafush shalih*, namely *aqidah* is owned by the prophet Muhammad SAW and his close friends, and also the follower who follow their way well.⁶ Beside *aqidah* must be owned by moslem, they also must decorate with good *akhlaq* (*akhlaqul karimah*). This *akhlaq* has special relation that very near with the faith and *aqidah*. The perfection of *aqidah* from someone is seldom to impact

other people without accompanied with glory *akhlaq*. As Allah said in Q. S Ali Imran: 133-134:

وَسَارِعُوا إِلَىٰ مَغْفِرَةٍ مِّن رَّبِّكُمْ وَجَنَّةٍ عَرْضُهَا السَّمَاوَاتُ وَالْأَرْضُ أُعِدَّتْ لِلْمُتَّقِينَ. الَّذِينَ يُنْفِقُونَ فِي السَّرَّاءِ وَالضَّرَّاءِ وَالْكَاطِمِينَ الْغَيْظَ وَالْعَافِينَ عَنِ النَّاسِ وَاللَّهُ يُحِبُّ الْمُحْسِنِينَ.

“Bersegeralah kamu mencari ampunan dari Tuhanmu dan mendapatkan surga yang luasnya seluas langit dan bumi yang disediakan bagi orang-orang yang bertakwa, (yaitu) orang-orang yang berinfak, baik di waktu lapang maupun sempit, dan orang-orang yang menahan amarahnya dan mema’afkan (kesalahan) orang lain. Allah menyukai orang-orang yang berbuat kebajikan” (Q. S Ali Imran: 133-134)⁷

Akhlaq becomes focus for all “Samawi” religions especially Islam. *Akhlaq* is a theme which always to be great attention for the Islamic clerics and it will continue like it in life.⁸ Good *akhlaq* also holds big role in a personal life. Good *akhlaq* can also give happiness for someone. Someone who has it will can finish problems of life with good way, different with someone who do not has good *akhlaq*.⁹ Human will be so miserable if they are surrounded by human that have bad character.¹⁰

Aqidah is closely linked with *akhlaq*, because it is a basic for all action. While, *akhlaq* is all good action that performed by *mukallaf*, both the relation with God, fellow human or with their environment of life. All action will has religious values if based on *aqidah* and it is always controled from the deviation if has

strong *aqidah*. So, *aqidah* and *akhlaq* can not be separated, like between soul and body.¹¹

Islamic education has role that very important to increase *aqidah* and also make *akhlaq* of a moslem better. With all advancement, Islamic education can spread through books, television, radio etc. As for literature also gives contribution in Islamic education, through the works which have spirit religious. Then the song, poetry, and novel are some of literary work which can give contribution in education. Literary work is artistic expression in form of language.¹²

One of media which can be used as education media is novel. In the content of story, novel can be enjoyed from terms of literature. But, from another point of view, the readers can know messages which it is presented in novel, both with expressed or implied.

is a novel which tell the figure of Fahri Abdullah who is struggling in preach his knowledge in the Scotland country. His struggle in maintaining the glory of Islam that was labeled bad by non moslem.

The quality of *aqidah* and *akhlaq* are very good which make Fahri still hold fast in Islamic teachings, although a lot of problem that he face in the country where non moslem became minority. With force *aqidah* and *akhlaq* are make non- moslem who very anti Islam change to be person who knows the glory of Islam.

As an expression from a grandma from Jews that feel warmth from the light of Islam, as told:

“Anak angkatku sendiri juga tentara Zionis Yahudi. Dan kau tahu itu. Semestinya kau boleh dendam kepada nenek Yahudi tua yang mengasuh dan membesarkan anak angkat tentara Zionis. Bahkan setiap hari aku berdoa agar negara Israel jaya di atas muka bumi ini. Semestinya kau boleh dendam kepadaku, tapi itu tidak kau lakukan. Kau memperlakukanku seolah-olah kau tidak memandang sama sekali aku ada hubungan dengan Bangsa Yahudi di seluruh dunia. Ini yang mebuat aku tambah sedih. Sedih meratapi diriku sendiri. Kenapa aku harus mendapatkan curahan kebaikan darimu, orang Islam.”¹³

Some part of other story, the evidence of *aqidah* which is planted strongly in the heart and then spark light of *akhlaq* are the constancy to his heart in keep his *aqidah*, although the problem appears from non-moslem neighbors in around him. The good *akhlaq* can becomes the hard heart to be melt and also spark peace although different religion.

In addition, this novel also provides about the effort to give *aqidah* and *akhlaq* in human self. As in conversation between Fahri and uncle Hulusi:

¹³Habiburrahman El Shirazy, *Ayat-Ayat Cinta 2* (Jakarta: Republika, 2015), page. 417.

“*Saya tidak muluk-muluk bisa menyampaikan keindahan Islam kepada semua orang di Britania Raya yang salah kepada Islam. Tidak, paman. Saya tidak muluk-muluk. Cukuplah bahwa saya bisa menyampaikan akhlaq Islam dan kualitas saya sebagai orang Islam kepada orang-orang yang sering berinteraksi dengan saya, jika saya bisa, itu saya sudah bahagia.*”¹⁴

This show about Fahri’s way in convey the glory of Islam with through the example that given to around people.

Habiburrahman El-Shirazy also gives the romantic situation in his novel. The story is packed with good without reduce some of *aqidah* and *akhlaq* values. Conflict and intrigue are explained by Habiburrahman El Shirazi well. Education values of *aqidah* and *akhlaq* in this novel gives background to the writer to do a research with the title, “*Aqidah and Akhlaq Education Values In The Novel Ayat-Ayat Cinta 2 By Habiburrahman El Shirazy*”.

In addition, skill which is owned, must can to give the benefit to the society, especially for their self and their family, and to reach the purpose of life in the world and hereafter.¹⁷

Aqidah in Islamic study has mean fastener human inner with which their believed as the God, creator and officer this universe. *Aqidah* as a belief to the real nature that it does not receive doubt and remonstrance. If there is still an element of doubt and darkness in confidence to that nature, so it is not called by *aqidah*. So, it must be strong and nothing weakness which open the gap to denied.¹⁸

Akhlaq is a condition which attach on the human soul, create action which easy, without through the process of thought, consideration or research. If that condition creates good deed and commendable based on the mind and Islamic of law, so it is called good *akhlaq*. If the deeds which appears is not good, called bad *akhlaq*.¹⁹
